PROPOSAL FOR A DOUBLE MAJOR

Name: _______________________________ Student ID #: ____________________________

Class Year: ___________ Campus Box: ___________ Cell/Room Phone: ______________________

Current Academic Advisor: __________________________________________________________

Departments/Programs of Proposed Double Major:
(I) __________________________________________ (II) ______________________________________

Concentration (if applicable): _______________________________ Concentration (if applicable): _______________________________

Students who wish to pursue a double major must declare their intention to do so no later than October 1 of the junior year.

With the approval of the chairpersons of the two relevant departments and the Dean for Curriculum and Academic Engagement, students are permitted to declare double majors. Requirements for each major in a double major are the same as those for a single major with the exception that, subject to the approval of both departments, a joint Senior I.S. project may be done on a topic that incorporates materials and approaches from both disciplines and fulfills the requirements of both departments. Each major in a double major must include at least six courses (except Senior Independent Study 451 and 452) that do not count in the second major. Students who declare double majors must complete two separate Junior I.S. courses (401) - one in each major department. Students who declare double majors must register for Senior Independent Study in one major during fall semester and in the second major in spring semester.

• Students who wish to pursue a double major should plan their schedule each semester in such a way that credit overload permission is not necessary. Completion of a double major may require more than four years of study. Academic Plans for completion of a double major should be made without the necessity of a credit overload.

• Students enrolled in dual degree or pre-professional programs may not double major.

• Double majors are not permitted in:
  – International Relations and its participating departments (Economics, History, Political Science);
  – Urban Studies and its participating departments (Economics, Political Science, Sociology);
  – Biochemistry and Molecular Biology and its participating departments (Biology, Chemistry, Neuroscience);
  – Chemical Physics and its participating departments (Chemistry, Mathematics, Physics); and
  – Neuroscience and the following programs: Biochemistry and Molecular Biology, Biology, Chemistry, Psychology.

• A Student-Designed Major may declare a double major, subject to approval by the Dean for Curriculum and Academic Engagement. Please see The Catalogue for specific details.

Please provide the following:

I. A list of the courses you have taken or will take that satisfy the requirements for each major (see page 2).

II. A current Degree Audit (log in and print your Degree Audit from Scot Web).

III. Possible areas of focus for a joint Senior I.S. Thesis:

____________________________________________________________________________________

____________________________________________________________________________________

IV. Chairperson Endorsement: We have reviewed and endorse this proposal for a double major. We have discussed with the student the possibility of a joint thesis that will incorporate materials and approaches from both departments or programs.

Chair Signature: _______________________________ Chair Signature: _______________________________

V. Academic Adviser (designated to release registration): Printed Name: ____________________

Signature: ____________________________________________________

Academic Adviser from second department or program: Printed Name: ____________________

____________________________________________________________________________________
Proposal for Double Major

Signature: ____________________________________________

Proposal must be typed or legibly printed in black ink; do not use pencil. Courses must be identified by department and course number.

A list of the courses (department, course number) you have taken or will take that satisfy the requirements for each major. Once a double major has been approved, all subsequent changes to the courses in the major should be forwarded in advance to the Dean for Curriculum and Academic Engagement for approval.
