TRANSFERRING ACADEMIC CREDIT TO WOOSTER

TO THE STUDENT . . .

How do I start the process?

Arrange for an official transcript of work completed elsewhere to be sent to the Office of the Registrar at The College of Wooster. Institution has to be accredited. Only courses with “C” or higher grade transfer.

Suppose I want only elective credit toward graduation?

No need to contact the chair of any department. Consult with the Registrar before enrolling to confirm accreditation of the institution and appropriate course selection.

Will the transfer credit meet Wooster Degree Requirements (major, minor, etc)?

Course work counted toward fulfillment of degree requirements requires approval of the chair of the relevant department at Wooster. The chair may either pre-approve a course or review the work for approval after the course has been completed.

Students are strongly advised to complete general education requirements in Writing, Cultural Difference, Religious Perspectives, and Quantitative Reasoning at The College of Wooster.

What should I take to the meeting with Department Chair(s)?

If seeking approval before work is completed, the chair will require a description of the course from the institution’s Catalogue. If seeking approval after the work is completed, the student should be prepared to share a portfolio of all course work, including course description, syllabus, assigned work, and representative examinations.

Provide the chair with a separate credit transfer form for each course. The Chair will complete the form and return it to the Office of the Registrar.

TO THE DEPARTMENT OR PROGRAM CHAIRPERSON . . .

• Which degree requirements are fulfilled by the course listed on the other side of this form? Consult the appropriate Catalogue for descriptions of requirements.

• If the student is seeking prior approval, request the Catalogue course description. If the review occurs after the completion, it is appropriate to request a portfolio of course work that includes the course syllabus, assignments, and representative examinations.

• In the case of the foreign language requirement, the chair also may require that the student take the department’s placement exam.

• When there are concerns as to the appropriateness of counting a course toward a given requirement, chairs may wish to consult with other chairs or with the Dean of Curriculum and Academic Engagement.

• Chairs are asked to use discretion in approving courses for general education requirements in Cultural Difference, Religious Perspectives, and Quantitative Reasoning; for the Writing-Intensive requirement, approval from the Dean for Curriculum and Academic Engagement is also required.

NOTE: Please return this form by campus mail to the Office of the Registrar – do not give the form to the student. The Registrar will notify the student of the results of your review.
