Project Information

Briefly describe your organization.

Please describe the problem, challenge or opportunity the consulting team will address (e.g. background, current situation, objectives for the future).

What are some key tasks/activities the student consultants will perform to complete the project?

What would you like to find out or have accomplished; what is the desired deliverable?

What specific skills/competencies are essential to completing this project?

What resources are available to complete the project (e.g., access to data, support from staff, etc.)?

For a successful collaboration to occur, the student consulting team will require ongoing and reasonable access to someone who can make the necessary time and resources available. Please indicate someone from your organization who can serve as this point person:
