Ohio Educator Preparation Provider Performance Report

College of Wooster

Institution Profile

(Data Source: College of Wooster)

The College of Wooster offers teaching licensure in conjunction with the completion of an academic major within a specified academic discipline pertinent to the licensure area. The Departments of Education and Music Education provide opportunities for teacher candidates to learn and teach within a liberal arts environment that values independence, leadership, inquiry, and tradition. A hallmark of Wooster's program is its relationships with area educators and schools and its emphasis on field and clinical experiences.

Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers
Prepared by an Ohio Educator Preparation Provider at College of Wooster

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

**Ohio Principal Evaluation System (OPES) Results for Individuals
 Completing Principal Preparation Programs at College of Wooster**

Reporting Period from Sept 1, 2018 to Aug 31, 2019
 (Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. Field and Clinical Experiences for Candidates at College of Wooster

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: College of Wooster)

Description of Data:

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	N
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	141
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	350
Average number of weeks required to teach full-time within the student teaching experience at the institution	12
Percentage of teacher candidates who satisfactorily completed student teaching	100%

Ohio Educator Licensure Examination Pass Rates at College of Wooster

Reporting Period from Sept 1, 2017 to Aug 31, 2018
(Data Source: USDOE Title II Report)

Description of Data:

Ohio educator licensure requirements include passage of all requisite licensure examinations at the state determined cut score. The reported results reflect Title II data, and therefore represent pass rate data solely for initial licenses. Further, because the data are gathered from the Title II reports, there is a one year lag in accessing the data. Teacher licensure pass rate data are the only reported metric for which the data do not reflect the reporting year 2018-2019.

As of 2013, the Ohio Assessments for Educators replaced the Praxis subject assessments for initial licensure. Some Praxis II assessments are still being reported because recent program completers took those tests in or before 2013.

**Value-Added Data for Students Taught by Teachers Prepared
by Ohio Educator Preparation Providers at College of Wooster**

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

Pre-Service Teacher Survey Results

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 3,156 respondents completed the survey statewide for a response rate of 70 percent.

Statewide Survey of Ohio Resident Educators'
Reflections on their Educator Preparation Program

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 399 respondents completed the survey statewide for a response rate of 12 percent.

National Accreditation Status

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: Ohio Department of Higher Education)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: College of Wooster)

Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Preparation Programs

Initiative:

Purpose:

Creating partnerships with area schools through field placement and student teaching is designed to improve the overall experience for the mentor teacher, teacher candidate and the college supervisor.

Goal:

Through collaboration with area schools, mentors and supervisors will better support learning of teacher candidates by establishing a collaborative relationship with the personnel in each school district.

Number of Participants:

17

Strategy:

The education major leads to Ohio teaching licensure because of its ongoing and mutually beneficial partnership with many area schools. Our students complete over 250 hours of field and 350 hours of student teaching in area classrooms, interacting and collaborating with mentor teachers, building administrators, students, and support personnel. In these classrooms, our students spend considerable time planning, teaching, and reflecting on a variety of pedagogical experiences. Annually, our school partners host approximately 350 students, totaling over 21,500 hours engaged in experiential learning. These hands-on experiences are closely enmeshed with on-campus coursework throughout their academic journey. Faculty who teach Education courses with a field component, visit students weekly in classrooms, observing, providing constructive feedback, collaborating with the college students and classroom teachers, and maintaining professional relationships with a variety of school personnel. This makes Wooster's program unique and without its partnerships with area schools, it could not exist.

Demonstration of Impact:

Our partners consistently affirm commitment to the success of our program by recognizing its mutually beneficial value. Dr. Michael Tefs, Superintendent of the Wooster City Schools reports, "We find the relationship [with the College of Wooster] to be wonderfully reciprocal and immensely beneficial." Nate Gaubatz, Principal at The Wayne County Schools Career Center, notes, "Wooster students, enrich the teaching and learning of our students and teachers. The college students bring new and different ideas and perspectives to the classroom. The partnership with the Education Department has allowed our building to reflect, change, and measure the experiences that our students receive prior to graduation."
