Remember the college decision process - think back to why you chose Wooster. Was it because of our fantastic faculty? Our Independent Study program? Was it because of Wooster's devotion to ensuring a great education and opportunity to all regardless of economic status and the welcoming campus environment that results? All of those reasons are what makes Wooster, *Wooster*. And all of those unique aspects of our school are only possible because of the Wooster Fund.

[The Wooster Fund](#) fills in the financial gaps that tuition does not cover. With five main areas of support — financial aid, experiential learning, mentored undergraduate research, campus life, and faculty and staff support— it enhances our experience here on campus. All of the opportunities that we are afforded on campus come from the generous gifts that make up the fund. Alumni, families, faculty, staff, and students all make gifts to the Wooster Fund because they all understand its importance.

Celebrate Black and Gold!
